Researcher Background Information Screening

The person named below is being considered for employment in a position that requires involvement in research or providing support for research. In compliance with LA RS 17:1826.1 et seq., as amended by the Louisiana Act 106 of 2023, *a screening of this candidate has been completed.*

Section 1: Employment Screening

Name:

CWID (if available):

Citizen of an *adversarial country* as defined in 15 CFR §7.4: ☐ **Yes** ☐ **No**

Employment history in an adversarial country as defined in 15 CFR §7.4: ☐ **Yes** ☐ **No**

Research collaborations in an adversarial country as defined in 15 CFR §7.4: ☐ **Yes** ☐ **No**

If the answer is "No" to all three items above, skip to Section 3.

Section 2: Risk category:

As recommended by the Research Security Subcommittee of the Joint Committee on Research Environment (JCORE), which was convened by the White House Office of Science and Technology Policy in response to the National Security Presidential Memo 33 (NSPM-33).

☐ Least Risk/Fewest Controls – Fundamental Research with all data published in open science platforms.

☐ Low Risk/Basic Controls – Fundamental Research that does not use controlled equipment, is not yet published and may be subject to IP.

☐ Moderate Risk/Increased Controls – Fundamental Research that does not use controlled equipment, with data subject to information privacy controls

☐ High Risk/Strong Controls – Research subject to restrictions regarding publication or conduct (export-controlled technology/equipment; CUI categories that have security implications, & select agents)

☐ Highest Risk - Classified research

Section 3: Approvals

Approved for offer of employment: ☐ Yes ☐ No

Screened by: Title:

Signature Date:

If this is a committee decision, please list all who were involved in the screening of the applicant

This form must be received by the Graduate Office prior to completing EPAFs for all new TAs or RAs.
